WIKUS receives the research seal “Innovative through research” from the promotion association

Spangenberg 14.07.2020: After the years 2014, 2016 and 2018, WIKUS-Sägenfabrik Wilhelm H. Kullmann GmbH & Co. KG now receives the research seal “Innovative through research” for the fourth time in a row, which is awarded by the Association for the Promotion of German Science and Humanities for research and development work.

The [promotion association](#) awards this seal to companies which, through their research and development, make a decisive contribution to the high-tech location Germany as drivers of innovation.

“This award shows that we, as a technology leader in the industry of saw blade manufacturers, carry out excellent research and development and develop sawing solutions for our customers involving the whole sawing process with constant innovations and further developments”, emphasises Dr. Ing. Patrick Gleim, Head of Research and Development. “We are delighted to have received this award for the fourth time in a row”.

Every year, WIKUS-Sägenfabrik invests millions in research and development in order to maintain and expand its technological leadership and develop customer and market-oriented solutions. In addition to in-house research and development, WIKUS cooperates with numerous partners, such as universities, research institutes and suppliers.

About WIKUS

WIKUS – TOP OF THE RANGE QUALITY, ‘MADE IN GERMANY’

WIKUS is the world market leader for sawing metal and Europe's largest manufacturer of band saw blades. Users from foundries and from the steel production/trade, machine/tool construction, aerospace, automotive, construction, energy and many more industries rely on the highly-efficient solutions by WIKUS.

Thanks to the best input materials, state-of-the-art production procedures and continuous quality inspections, the WIKUS-Sägenfabrik from the town of Spangenberg in North Hesse has guaranteed the highest of standards when producing high-tech band saw blades since 1958. At the same time, this family-run company sets product and technology trends in the market with its innovative prowess. In addition to the high-performance product program, WIKUS offers an extensive range of services tailored to the respective product. Partner companies and sales and service companies across the world offer competent and personal support on site.
